### Article II: Purpose/Mission

The Rhode Island Accessible Transportation Advisory Committee (ATAC), an independent body not affiliated with RIPTA, strives to improve accessibility in the various forms of public transportation in Rhode Island. The ATAC is expected to assist and monitor the Rhode Island Public Transit Authority (RIPTA) Management with its compliance with all the applicable provisions of the Americans with Disabilities Act (ADA) and other civil rights laws as they apply to public transportation systems in Rhode Island.

The ATAC will participate in advocacy efforts in support of quality public transportation, especially from the customer's point of view. When necessary, advocacy shall include statutory and legal vehicles to achieve the ATAC's goals.

The ATAC will partner with other organizations and groups to support effective public policies regarding transportation for persons with disabilities.

### Article III: Duties and Responsibilities

The ATAC will provide a channel for communication between persons with disabilities and RIPTA management staff.

The liaison will, in consultation with the Chair and Vice Chair, prepare and distribute meeting announcements, agendas and other related information materials. The staff liaison will also be responsible for drafting minutes of all ATAC meetings, and other records related to the ATAC's operation, all of which must be approved by a vote of the ATAC. In the absence of the RIPTA staff liaison, the Chair and Vice Chair are responsible for the above tasks.

#### Article VII: Meetings

Regular meetings of the ATAC will be held monthly on an annual schedule provided in January of each year.

A minimum of 5 voting members shall constitute a quorum.

A simple majority is needed on all votes.

Meetings shall be conducted in accord with the Roberts Rules of Order.
